

HEALTH ADMINISTRATION, MASTER OF HEALTH ADMINISTRATION (M.H.A.)

Non-thesis option: 45 credits

Thesis option: 45 credits

Students completing the thesis option will replace their 3-credit capstone (HLSA786) with a 6-credit thesis experience (HLSA799). Three credits of the HLSA799 will then replace one course in the management module, so that only 6 courses in the management module are required for graduation.

Course	Title	Credits
Required courses:
