

POPULATION STUDIES, POST-BACCALAUREATE CERTIFICATE (P.B.C.)

12 credits required

The Certificate requires a minimum of four courses (12 credits) including two required core courses and two electives. At least one course taken for the Certificate must be from a department other than the student's home unit. (See the Certificate information page on the MPRC website (<http://www.popcenter.umd.edu/resources/scholar-dev/demography-cert/certificate/>) for details.) Students must achieve a GPA of 3.0 or higher in these four courses. Previously earned credits may be retroactively applied toward the Certificate. Students may apply to participate in the Certificate Program at any time up until the semester before they intend to graduate. Applications may be accessed by following the link above.

Course	Title	Credits
SOCY611	Introduction to Demographic Methods	3
SOCY630	Population and Society	3
or ECON772	Population Economics	
Select two electives approved by advisor		6
