

QUANTITATIVE METHODOLOGY: MEASUREMENT AND STATISTICS (Z904)

Graduate Certificate Program
College: Education

ABSTRACT

The Certificate of Advanced Study in Quantitative Methodology: Measurement and Statistics is designed to provide advanced training in quantitative methods for graduate students majoring in other doctoral programs. The certificate requires a minimum of 21 graduate credit hours. In addition, an advisor must be selected from members of the Measurement, Statistics and Evaluation faculty.

FACILITIES AND SPECIAL RESOURCES

The Department maintains computer equipment and high performance server with up-to-date statistical software packages. The faculty are actively engaged in a large variety of basic and applied research projects and students are encouraged to become involved in these activities. The Washington and Baltimore areas have numerous organizations that

provide opportunities to become involved in projects that have national importance.
